Environmental Policy Statement

Company Name: Carriage Global S Pte Ltd

Effective Date: 01/05/2020

1. Objective and Scope

Carriage Global S Pte Ltd is committed to minimizing the environmental impact of our global logistics, freight forwarding, and supply chain operations. This policy applies to all operations, offices, and employees of Carriage Global S Pte Ltd. We strive to balance efficient logistics delivery with active ecological preservation.

2. Core Commitments

To meet our environmental goals, Carriage Global S Pte Ltd commits to the following actions:

Regulatory Compliance: Meet or exceed all local and international environmental laws, including Singapore's National Environment Agency (NEA) regulations and maritime environmental statutes.

Carbon Footprint Reduction: Optimize transport routes and consolidation practices to reduce fuel consumption and greenhouse gas emissions.

Resource Efficiency: Minimize waste in our offices and warehouses by digitizing documentation to reduce paper use and implementing strict recycling programs.

Sustainable Packaging: Encourage and prioritize the use of eco-friendly, recyclable, or reusable packaging materials across our supply chain network.

Supplier Engagement: Partner preferentially with subcontractors, carriers, and vendors who demonstrate clear commitments to sustainable practices.

3. Continuous Improvement

In alignment with global standards, we will routinely review our logistics operations to identify areas for environmental improvement. We encourage feedback from our employees, clients, and partners to help us achieve a more sustainable supply chain.
